

# Kids Konnection

**Where kids have support when a loved one has cancer.**

Kids Konnection is an educationally-based support program for children who have a significant adult in their lives who has been diagnosed with cancer. Studies show that informed children are generally better equipped to deal with the diagnosis. The purpose of this support program is to provide a place for children and youth, ages 7-14, to address what it means that someone close to them has a serious illness such as cancer. Through activities, craft projects, games and discussion they learn what cancer is, how it is usually treated, the feelings they are experiencing, and how to cope. These interactive and informative sessions will enhance their understanding and coping skills.

**What:** A support program for kids who have a parent, grandparent or significant adult diagnosed with cancer.

**Where:** The Volunteer Conference Room at Tri-Cities Cancer Center  
7350 W. Deschutes Ave., Kennewick, WA

**When:** October 18th - November 22nd, 2016  
Tuesdays - 6:00 to 7:30 p.m.

**For more information:** Contact Margaret Ley at (509) 737-3400 or Joan Stewart at (509) 737-3450.

This program is offered at no-charge due to generous donations made to the Tri-Cities Cancer Center Foundation.

**Tuesdays, October 18th - November 22nd**  
**Call (509) 737-3432 to Register**
